OUTREACH	 Outreach talks: Before the pandemic started, I used to give ~ 5 talks each year to high school hometown in India about the current cutting-edge research in science and ways of as a career option. Here is an example Academic Mentorship: - Tutored academically weak students at IIT Bombay in complex analysis and diff Mentored two students in the physics department and helped them in clearing Montoring a IHU astrophysics graduate student as a part of PhA mentoring and the student are a part of PhA mentoring as IHU astrophysics. 	f pursuing research ferential equations. their backlogs.

- Mentoring a JHU astrophysics graduate student as a part of PhA mentoring program at JHU.

- Astronomy Club:
 - Gave talks on future of astronomy at IIT Bombay to a general audience. I also headed a project in collaboration with the club to build a Solar Radio Telescope from scratch.
- Completed science communication writing workshops at the NYU journalism institute and published a review on an upcoming popular science book [link].
